

Preliminary Programme Overview

Wednesday, 4 May 2022

Scientific Sessions	General Interest Sessions	Scientific Communications	Teaching Courses	Workshops	Networking Event	ESO General Assembly	Industry Supported Sessions*
Beyond Stroke...	Rapid Orals (Exhibition stage)*						

	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8	Hall 9	Exhibition Stage
8:30 - 10:00		Scientific Session 1: Acute Stroke care delivery: difficulties but also improvements imposed by the COVID-19 era	Scientific Communications 1	Scientific Communications 2	Scientific Communications 3	Scientific Session 2: Acute intracerebral haemorrhage – where are we?	Scientific Communications 4	Scientific Session 3 (Nursing/AHP Session): Measuring quality of life, participation and mental health: What's the difference?	Teaching Course 1: PFO and ischemic stroke: "to close or not to close "	
10:00-10:40	Coffee Break, Exhibition, E-Poster Viewing									
10:40-12:30	Official Welcome & Large Clinical Trials									
12:30 - 13:15	Lunch Break, Exhibition, E-Poster Viewing									
13:15-14:45		Industry Supported Session* 1	Industry Supported Session* 2	Industry Supported Session* 3	Industry Supported Session* 4	Industry Supported Session* 5		Industry Supported Session* 6		
14:45-15:00	Short Break									
15:00 - 16:30	Session 1 Technology / Multi-discipline / Beyond Medicine - GPG debate	Scientific Session 4: ESMINT-ESO Joint Symposium: Persistent frontiers facing acute reperfusion therapies.	Scientific Communications 5	Scientific Communications 6	Scientific Session 5: What might an optimal clinical services for patients with cerebral small vessel disease look like? Translation to the clinic.	Scientific Session 6: Challenges in oral anticoagulation therapy for atrial fibrillation/atherosclerosis	Scientific Communications 7	Scientific Session 7: Stroke in the Eye in 2022: Advances, and barriers to better outcomes	Teaching Course 2: Thalamic stroke - an update	Rapid Orals* 1
16:30 - 17:00	Coffee Break, Exhibition, E-Poster Viewing									
17:00 - 18:30	Scientific Session 8	Scientific Session 9: Minimising the risks of symptomatic intracranial hemorrhage following reperfusion treatments	Scientific Communications 8	Scientific Communications 9	Scientific Communications 10	Scientific Session 10: My most difficult case, and what it taught me	Scientific Communications 11	Scientific Session 11: (Nursing/AHP Session): ISRRRA: Global collaborations transforming stroke: The International Stroke Recovery and Rehabilitation Alliance (ISRRRA)	Teaching Course 3: Cerebral hypoperfusion - principles, imaging and treatment	Rapid Orals* 2
18:30 - 18:45	Short Break									
18:45 - 19:45	Welcome reception at exhibition area E-Poster discussion at poster area									

*Industry Session not included in main event CME/CPD credit

Preliminary Programme Overview

Thursday, 5 May 2022

Scientific Sessions	General Interest Sessions	Scientific Communications	Teaching Courses	Workshops	Networking Event	ESO General Assembly	Industry Supported Sessions*
Beyond Stroke...	Rapid Orals (Exhibition stage)*						

	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8	Hall 9	Exhibition Stage	
8:30 -10:00	Scientific Session 12: Accelerating routes to thrombectomy: Direct to mothership angio suite or mothership to patient?	Scientific Session 13: Covert brain infarction, acute or chronic - incidental finding or opportunity for prevention?	Scientific Communications 12	Scientific Communications 13	Scientific Communications 14	Scientific Session 14: ISNI-ESO Joint Symposium: The immunology of stroke – an update	Teaching Course 4: Hot topics in ICH: an update	Scientific Session 15: Nursing/AHP Session: Post-stroke dysphagia	Teaching Course 5: Practical management of long-term sequelae after a stroke in young adults		
10:00-10:40	Coffee Break, Exhibition, E-Poster Viewing										
10:40-12:30	Presidential Symposium Awards & Trials										
12:30 -13:15	Lunch Break, Exhibition, E-Poster Viewing										
13:15-14:45		Industry Supported Session* 7	Industry Supported Session* 8	Industry Supported Session* 9	Industry Supported Session* 10	Industry Supported Session* 11		Industry Supported Session* 12			
14:45-15:00	Short Break										
15:00 - 16:30	Session 2 Technology / Multi-discipline / Beyond medicine - reduce, reuse, recycle – Go green to improve efficiency and reduce waste in stroke research.	Scientific Session 16: ESC-ESO Joint Symposium: Evaluation of cardiac source of stroke.	Scientific Session 17: Can artificial intelligence and data science improve care of stroke? The art of the possible.	Scientific Communications 15	Scientific Communications 16	Scientific Session 18: Stroke care in women: from pathophysiology to health care delivery	Teaching Course 6: Treatment challenges and future perspectives for IVT	Scientific Session 19: ESNCH-ESO Joint Symposium: Neurosonology an update of key aspects	Teaching Course 7: Dilemmas in secondary ischemic stroke prevention	Rapid Orals* 3	
16:30 - 17:00	Coffee Break, Exhibition, Poster Viewing										
17:00 - 18:30	Scientific Session 20	Scientific Session 21: EAN-ESO Joint Symposium: The vascular side of neurodegeneration: a preclinical and clinical perspective	Scientific Communications 17	Scientific Communications 18	Scientific Communications 19	Scientific Session 22: Atherosclerotic stroke: early detection outcome and treatment	Teaching Course 8: Imaging of acute stroke: golden standard and beyond	Scientific Session 23: (Nursing/AHP Session): Facilitating participation in the community	Teaching Course 9: Seizures in and after stroke - an update to guide treatment and prognostication		
18:30 - 18:40	Short Break										
18:40 - 19:40	Poster networking & E-Poster discussion sessions at poster area							ESO General Assembly			

*Industry Session not included in main event CME/CPD credit

Preliminary Programme Overview

Friday, 6 May 2022

Scientific Sessions	General Interest Sessions	Scientific Communications	Teaching Courses	Workshops	Networking Event	ESO General Assembly	Industry Supported Sessions*
Beyond Stroke...	Rapid Orals (Exhibition stage)*						

	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8	Hall 9	Exhibition Stage
8:30-10:00	Scientific Session 24: PRESTO-ESO Joint Symposium: Prehospital stroke care: Mobile stroke units, prehospital LVO-detection, new technological approaches	Scientific Session 25: Genetics and Epigenetics of stroke: where do we stand?	Scientific Session 26: New perspectives on the etiologic classification of ischemic stroke: a paradigm shift towards precision medicine	Scientific Communications 20	Scientific Communications 21	Scientific Session 27: Improving future clinical trials to accelerate better care of cerebrovascular diseases: cutting edge options.	Teaching Course 10: Non-aneurysmal Subarachnoid Hemorrhage - an update	Scientific Session 28: Stroke, thrombosis and cancer	Teaching Course 11: Challenges in pre- and co-morbid conditions	
10:00-10:30	Coffee Break, Exhibition, E-Poster Viewing									
10:30-12:00	Session 3: Technology / Multi-discipline / Beyond Medicine: New ESO Guidelines: To showcase new and recent ESO guidelines and for the audience to discuss and ask questions	Scientific Session 29: Individualized stroke care – the right patient at the right time	Scientific Communications 22	Scientific Communications 23	Scientific Communications 24	Scientific Session 30: Perivascular spaces and brain fluid clearance pathways: clinical implications for stroke and small vessel disease	Teaching Course 12: Challenging diagnosis and treatment - mimics and chameleons	Scientific Session 31: (Nursing/AHP Session): Optimising secondary prevention by non-pharmacological approaches	Teaching Course 13: Peri-thrombectomy essentials for the neurologist	Rapid Orals* 4
12:00-12:30	Lunch Break, Exhibition, E-Poster Viewing									
12:30 - 14:00		Industry Supported Session* 13		Industry Supported Session* 14	Industry Supported Session* 15			Industry Supported Session* 16		
14:00-14:15	Short Break									
14:15 - 15:30?	Large Clinical Trials 2									

*Industry Session not included in main event CME/CPD credit
